

DONATION POLICY

ILOVEBOOBIES ZA NPC (“ILOVEBOOBIES”) gladly accepts donations to further its support to try and help those who have limited access to cancer screening facilities, be screened and tested for all forms of cancer (“Cause”).

ILOVEBOOBIES offer the opportunity to all supporters OF  to make direct donations to ILOVEBOOBIES via our website.

1. Making a donation

- 1.1. Donations will be possible through the www.iloveboobies.co.za website. Such payments are managed through third party software <https://www.payfast.co.za/what-is-payfast/>. It is our intent to contribute all donations towards ILOVEBOOBIES ZA NPC for purposes of the Cause, however **certain charges may apply for the donation** payment - for further details in this regard, please see [Payfast](#) terms and conditions <https://www.payfast.co.za/fees/> and <https://www.payfast.co.za/accepting-donations/>
- 1.2. Credit card details will not be transferred to us, but only to [Payfast](#) in charge of processing the payment and subject to privacy rules <https://www.payfast.co.za/privacy-policy/>
- 1.3. Upon receipt of the payment, you will receive via e-mail a confirmation of your donation, containing the details of ILOVEBOOBIES, name and address of Donor, as well as date and amount donated (as required to qualify for tax-deductibility).

2. Our Code of Conduct

We are committed to the following:-

- 2.1. Apply all donations to the Cause
- 2.2. Report back, via our website, the total donations receive over a period of time;

3. Data Collection and Protection

- 3.1. During the process of the donation, we will process the data (excluding the credit card details as referred to above) within the scope of our [Privacy Policy](#).
- 3.2. Personal Information that you provide to us e.g. when placing a donation (e.g. your name and your contact details) are processed only in order to communicate with you, for internal analysis and only for the purpose for which you provided the data to us. To the extent needed, for the processing of payments we disclose your details to [Payfast](#), responsible for handling payments. Thereby the data is transmitted in encrypted form using a 256-bit Secure Sockets Layer Software (SSL) connection.
